About This Game

The world is full of adventure, just not in your little hometown Tellville. A career in the erotic showbiz is obviously the best way out of there. So sign up for ridiculously funny missions and conquer the blue movie Olympus! **Big Bang Empire** casts a humorous glance at one of mankind's favorite pastimes and the business that surrounds it. Create your individual adult movie star, improve your skills, collect sexy items, team up with fellow stars in a studio and show everybody else who's boss! (But don't show it to **your** boss)

Features:

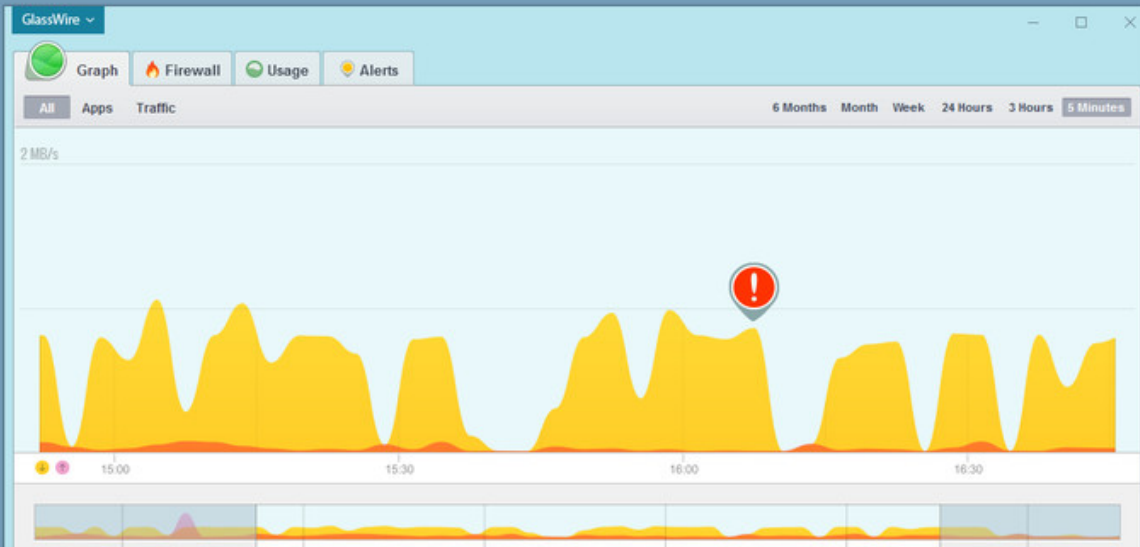

- Humorous comic style
- Individual character creation
- Funny missions
- PvP against other stars
- GvG against other studios
- Sexy outfits and accessoires

Only play this game if you have a group of friends to play with. I bought this game and a group of 5 of us would play together and it was very fun. I tried playing on my own and it just wasn't nearly as fun.

It's kind of like Risk, but with better gameplay and more story.. Played the game on android, and was so good decided to get it again on PC. Love the art style, the gameplay is solid, and I'm very much looking forward to trying all the heros. nice boss fights and you can change the difficulty if your're like me and want to really fight for that victory thanks Ironhide :). Interesting and rather challenging. This game is ectasy. The VR overlay is a bit weird at times, but the feeling of spraying a wall is more than enough. I keep coming back to this simple program more than I thought I would. I've tried other VR art software, yet this one keeps it simple enough where it's always the most approachable and fun to work in.

Great game for beginners to experienced artist. Some pixelation up close, not a big deal or all that noticable. Abilities to change can caps, color palletes, history, undo, use ladders.

I saw in a trailer something about changing time of day, however I cannot find that option in game.

Multiplayer is a bit bumpy but it still works. You cannot undo strokes in multiplayer.

. Let me begin by saying that Hector, the titular hero of this game, is having a really bad day. After the painful events of Episode 1 (some of which are devastating to our hero's private life), he find himself unarmed and equipped with only one slice of pizza facing a deadly sniper rifle. Great. Any move he makes means absolutely certain death unless he can figure something out and if you know Hector, you know that this means YOU have to figure it out because he certainly can't.

Episode 2 picks up where Episode 1 left off as you accompany Hector and his reliable-ish sidekick, Lambert, in chasing down the terrorist that forced him to do his bidding in Ep.1. Along the way, he'll be screaming at turds (in more sense than one), mingle with local celebrities and do everything he can to cuff the insane criminal mastermind that continues to elude him.

There are some issues with this game: mostly, important items look exactly like the backgrounds of the game (which are quite ... nevermind). Also, some of the riddle solutions jump right at you, but the way to accomplish them doesn't and in one case I thought it was very contrived. The Hint-System is marginally more helpful than Lambert (you'll know what this means if you played part 1), but the riddles are, overall, not impossible(-y stupid). Still, if you enjoyed "We Negotiate with Terrorist", you will enjoy this one, too. Hector is as crude and rude as we know and love him and the climax of "Senseless Acts of Justice" does leave me wanting for more.. Preeety good challenges. IT KICKS ME OUT WHEN EVER I TRY TO PLAY ANY MATCH. This Is the first review I have written for a game, mostly becace this game NEEDS more attention. First of all, if you remember any of those old tank flash games that you could play local, (Which I did back in middle school) you will be in for a pleasant suprise. this game takes the Idea of those old tank games and manages to give them an exciting twist. With beautiful, backdrops, levels, Etc. smooth-as-butter controls, and in game level modifications ranging from terrifying to hilarious, this game is worth the money for an amazing time with your friends.. I like chinese chess.

Really wish and hope that this game will continue to develop and improve, and will finally release as a full game from this **already great Early-Access game.**

This is a great game. Worth it to support this !

Great music, beautiful art. A generally solid visual novel. However, I've never seen a less heroic protagonist in a fantasy game. She's reluctant, wimpy, and falls in love with a dude after hanging out with him for 12 hours. The quality of the writing is good; I just can't empathize with the main character. The game is worth the \$7 for the art alone though.. I found the Invisible Fist purely by chance and I found it really fresh since most games these days present topics that are more "acceptable" or avoid trying to offend anyone. Failcore does the opposite and goes full on. The game may ruffle some feathers but at least one can have a good time playing.

It's not a huge game but as you play the writing and the variety of cards keep it fresh even if you don't earn enough stars to make it through.

The cards themselves are unique, unexpected, sometimes a little awful (in the sense why should I make my character do that??) But there are really some things you MUST do to survive or to at least finish the weekly quest on time. There's a lot of great attention to detail in the icons and the descriptions.

I felt like the whole system is set up in a way that you do get a different experience playing each character. Sometimes the status ailments change things up a lot and make it even more challenging.

While this is just a game, there might be a grain of truth (or many) in the way some things are represented between the social classes. Overall I think it's a fun and courageous first game, well done and pretty good quality for such a small team. I had a good time playing it. I'd recommend the Invisible Fist and hope to see more games like it.. I kinda wish there were more games like this.. kickstarter here, played early, hence the early review*

So far, only Himeko epilogue is available. If you had read Narcissu 1st and 2nd, it is a must buy. A bit short for the price tag (about 90 mins), but the feels are worth it.. Its perfection it saved my grandma from cancer I wanted to show her Chad dancing and she got better the next day and she was able to climb a mountain without this my grandma would be dead thank you Friday the 13th.. I'm enjoying the game and playing with gamepad which controls well. Though this could be subjective i find the 3d graphics are pleasant and easy on the eye. The game has some features over advance wars such as the lock on feature and assault to push a unit which are nice features. It's a pity there is no map editor/vmaker like in wargroove however. I imagine the multiplayer could be pretty good and look forward to trying that aspect out.

Patch notes 2019-05-21:

The following changes were deployed today (2019-05-21):

New Features

General

- The Hot & Heavenly Surprise Box now also contains a devilish item set with a unique animation.
- The collection "Just Heavenly?" has been expanded and now rewards you with an additional title.
- For 6 formerly female exclusive items male versions have been added (Corset "Little Angel", Corset "Archangel", Corset "Angel", Corset "Little Devil", Corset "Lucifer", Corset "Devil").
- Filter options have been added to the Sewing Machine. You can now filter by name, rarity and source (event, career, other).
- Collections got filter options as well. You can now filter by name (in items and collections), rarity of items and sources (event, career, other).
- If a category (rarity, source, reward) is completely disregarded, no collections or items are displayed.

Movies

- The time until next energy will not be reset when a movie mission is started.
- There will now always be a movie mission which can be completed with the energy you have left.
- The movie button in the main menu now flashes when a movie shoot is active and there's enough energy to start a movie mission.

New items for future events and specials have been added:

-
- We've added 8 new items for female characters, which can be obtained during special events.
 - We've added 8 new items for male characters, which can be obtained during special events.

Maintenance

General

- Several smaller issues have been fixed.

Happy Holidays - see you in Big Bang Empire!. **Patch notes 2019-04-30:**

The following changes were deployed today (2019-04-30):

New Features

Message System

- The message system has been completely reworked.
- From now on, the system is split up into system messages, conversations with other players, vouchers and battery requests.

System Messages

- In the tab for system messages you can now see all personal messages from Big Bang Empire and item credits from Wanda's Secret Store.

Conversations

- Conversations are now visualized as a message stream.
- In the tab for conversations you can now see all communications with other players that has previously been processed through the messaging system. You can start conversations with one or multiple players here.
- Messages can be sent using the "Send Message" button or using CTRL+ENTER.

Vouchers

- In the tab for vouchers you can see all currently redeemable vouchers you have gotten in the game.

New items for future events and specials have been added:

- We've added 17 new items for female characters, which can be obtained during special events.
- We've added 17 new items for male characters, which can be obtained during special events.

Maintenance

General

- The server DE1 was missing in the Ranking Lists on German servers. This has been fixed via hotfix.
- International servers can now be accessed through the server list on the landing page.
- Mobile: You can now choose the language before creating a character on International Servers. When you log in, the language will now be set to the correct language of the character.
- Several smaller issues have been fixed.

Best,

Your Big Bang Empire Team. **Scary & sexy: Halloween in Big Bang Empire!:**

From 31st of October till the 5th of November Big Bang Empire not only offers up-and-coming stars the chance to take on spooky Halloween quests, but also to participate in Violet Venom's notorious Bloodlust Convention. This is the perfect chance to show your tricks and rake in the treats!

Meanwhile the owners of Hooper's Strip Club are planning the biggest Halloween party Tellville has ever seen. And they need all the professional help they can get to make it happen – Good thing the sex shop is stocked with 7 spooky items, so dress to impress!

But with so much going on, let's not forget about your movie career. An amazing Halloween film set will certainly make for an epic blue movie that will grow your fan base – if you know what we mean.

And on top of all that there's also a **massive Sale going on in the Diamond Shop!** For all you ambitious kinky stars out there who need that tiny little extra to get satisfied...

. **Game Update!:**

The following changes were deployed today (2019-02-26):

New Features

General

- Dickstarter.cum now has 7 new tasks for you!

Decorations

- The Decoration categorie Couch - Surface was moved and renamed to Floor - Left (Back). With this change, decorations of this categorie are now also properly visible in the background of male characters.
 - As a result of this change, the other categories for decorations on the floor has been renamed in order to make their location within the apartment more clear.
 - Items from Deco Boxes can now automatically be storen in your storage tab if your inventory is full.
- Rare and epic Deco Boxes now have a higher chance to contain decorations from categories with a higher amount of decorations while the chance of containing items is lower.

New items for future events and specials have been added:

- We've added 20 new items for female characters, which can be obtained during special events.
- We've added 20 new items for male characters, which can be obtained during special events.
- We've added 20 new decorations, which can be obtained during special events.

Maintenance

General

- It was possible that, after the sewing machine has been opened, items in the Sex Shop has been displayed as improvements eventhough it was not the case. This issue has been fixed.
- It was possible that the black dialogue background was still visible after closing the dialogue. This issue has been fixed.
- Several smaller issues have been fixed.

Best,

Your Big Bang Empire Team

. **Game Update!:**

The following changes were deployed today (2019-01-08):

New Features

General

- You can now repeat the dates with girls in the dating feature.
- Repeated dates reward you with stat points, as well as a random epic item.

Studio Chat

- It is now possible to link to players and studios in the studio chat.
- To link to a player, simply use an @ in front of the player's name: @<Player Name>
- To link to a studio, put the studio's name in quotation marks: "<Name of the Studio>"

New items for future events and specials have been added:

- We've added 5 new items for female characters, which can be obtained during special events.
- We've added 5 new items for male characters, which can be obtained during special events.

Maintenance

General

- It was possible that the navigation menu disappeared after clicking on a friend in the friend bar. This issue has been fixed.
- Several smaller issues have been fixed.

Best,

Your Big Bang Empire Team. **Game Update!:**

The following changes were deployed today (2019-01-29):

New Features

General

- You can now filter the successes by titles.
- Complete daily Dickstarter tasks to get extra rewards!
- If a movie with a self created title is available on a ballot, this will now be displayed accordingly.
- A new item set with an animated special effect is now available in new Surprise Boxes in the Sex Shop!

Decorations

- You can now unlock 30 new Decorations for the top of your dresser.

New items for future events and specials have been added:

- We've added 24 new items for female characters, which can be obtained during special events.
- We've added 24 new items for male characters, which can be obtained during special events.

Maintenance

General

- Several smaller issues have been fixed.

Best,

Your Big Bang Empire Team
